Satisfactory Completion

Learners must complete an evaluation form to receive a certificate of completion. Your chosen sessions must be attended in their entirety. Partial credit of individual sessions is not available. If you are seeking continuing education credit for a specialty not listed below, it is your responsibility to contact your licensing/certification board to determine course eligibility for your licensing/certification requirement.

Joint Accreditation Statement

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, this activity has been planned and implemented by Amedco LLC and Council for Accreditation in Occupational Hearing Conservation. Amedco LLC is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Amedco Joint Accreditation Provider Number: 4008163

Physicians

ACCME Credit Designation Statement

Amedco LLC designates this live activity for a maximum of 21.50 *AMA PRA Category 1 Credits™* for physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Objectives - After Attending This Program You Should Be Able To

1. Define the roles and responsibilities of the Professional Supervisor of the Audiometric Monitoring Program (PS/A) in occupational hearing conservation programs (HCPs)
2. Recognize key factors in the review of occupational audiometric databases, including:
 - Problem audiograms
 - Revising baselines
 - Determining work-relatedness of hearing loss.
3. Identify federal standards and regulations that apply to HCPs
4. Identify the pathophysiologic factors of noise-induced hearing loss (NIHL) and interactions between noise and other agents.
5. Identify medical and legal aspects of managing an HCP
6. Identify best practices of HCP management, including essential elements of a quality HCP, program audits, evaluations and resources.
7. Differentiate between regulatory compliance and best practices for the prevention of NIHL.
